

**Case Finding/Surveillance Protocol for
(Febrile Respiratory Illness/Severe Respiratory Illness) FRI / SRI
Screening Tool**

READ CAREFULLY

1. Do you have **NEW** or **WORSE** cough or shortness of breath?

or

2. Are you feeling **feverish**?

or

3. In addition to the above, have you had either of the following:

a) Travel to **Mexico** in the last 2-weeks?

b) **Close contact** with someone who has been diagnosed with Influenza A (H1N1), previously referred to as 'swine flu'?

If you answer YES to the above:

- CLEAN YOUR HANDS
- APPLY A SURGICAL MASK
- NOTIFY THE RECEPTIONIST OR NURSE RIGHT AWAY

More Information:

The Canadian government has set up a hotline and websites for information about the swine flu virus. The number is **1-800-454-8302** and the websites are fightflu.ca.
